Please accept this letter as our validation that we have a very successful relationship with Guest Screw Machine Product.

Mr. Donald Guest and his staff members are consistently professional, reliable, helpful and proactive in looking for solutions to meet our needs. One specific example would be the design they came up with for a roller assembly in our pie plant to resolve some issues we were experiencing. It was very beneficial to us and we appreciated their service. They continue to provide solid customer service to us.

We highly recommend Guest Screw Machine Product as a company that you will feel confident doing business with.

Please feel free to contact me directly if you require further information at 506-392-3305.

Sincerely,
