To Whom It May Concern:

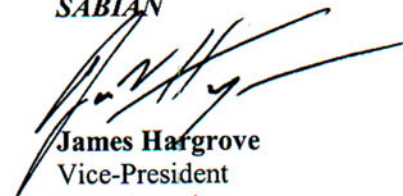

Reference: Guest Screw Machine Products
9910 Route 105
Beechwood, NB
E7J 1V7

We have done business with Donald Guest and Guest Screw Machine Products for the past 7 years and I am very pleased to refer this company as a supplier who conducts business in a conscientious and reliable manner.

Mr. Guest, and the people at Guest Screw Machine Products, have gone out of their way in working with us in our research and development to meet our needs in developing various devices, such as plastic fasteners for the purpose of shipping our musical cymbals world wide, as well as steel pins and aluminum shafts to be used in other music related products that we make.

This company comes with my highest recommendation, and if I can offer any additional information, please contact me at 506-272-1210.

Sincerely,
SABIAN

James Hargrove
Vice-President
Manufacturing
